LOT 1 - Aberlour A'Bunadh Cask Strength Batch 46

Estimate \$ 180-240

Description

Aberlour A'Bunadh Cask Strength Batch 46

Distillery bottled

750 ml / Highland Single Malt / 60.4% ABV

A'Bunadh is bottled at cask strength in the tradition of 19th century single malts when villagers would come to the distillery to collect their dram straight from the cask, often in apothecary bottles obtained from the village chemist. These were the inspiration for the A'Bunadh bottle shape today.

The whisky is bottled exclusively from Spanish Oloroso sherry butts, believed to age from 5-25 years old.

Batch #46 was released in 2013.
